LETTER OF RECOMMENDATION

To whomsoever it may concern,

Indian Institute of Technology Roorkee conducted the 19th edition of its annual technical festival **Cognizance** from 15-18 April 2021. The team included students from IIT Roorkee and several campus ambassadors from different colleges of India.

It was a pleasure for us to have **Aman Sharma** of **The NorthCap University - Best Engineering University In Delhi NCR** on our team as a student partner from his college.

Aman was a valuable part of our team and his dedication and hard work throughout the internship period found many positive responses.

At the beginning of the internship, he attended a webinar on **How to Increase Participation and Digital Reach** of Cognizance 2021, conducted by our Public Relations Executives. Following the webinar, weekly tasks were assigned to him, which he completed well before the deadline.

He has demonstrated excellent **leadership qualities**, **digital marketing** knowledge, and strong **people skills**. He is a responsible, self-motivated, and self-aware individual who can work alone, under guidance and manage several people with ample ease.

We were thrilled to have **Aman** as a part of our team and wish him all the best for his future endeavours.
